Only the 5 texts highlighted in **bold** should be taken as read and will be the basis of the discussion in the seminar. For those of you, who have time for more complementary reading I have added an optional further text you might be interested in. The bibliography is a very basic one but should help to get deeper into the literature of the topic.

For those of you who are attending for the first time, just a few details about the structure of the seminars. We will have all in all 5 seminar units, every morning from Monday to Friday, 9:30 am to 1 p.m. with a coffee break in between and the whole seminar unit will be divided into a theoretical and a clinical part. The first theoretical part can be open to non-psychotherapists, however participation in the second clinical part after the coffee break can be attended only by qualified psychotherapist.

As you can see from the leaflet of the „Roc et Neige“, which I have added to this letter, there are possibilities to have single rooms, double rooms or rooms to share with more people - ideal for families. (Prices differ accordingly and being a group with at least 20 participants has put us already into a slightly cheaper category.)

Please send back to me asap the questionnaire concerning choice of room , dates of arrival and departure and any other special requests.
